

ERIE HUNT & SADDLE CLUB

JUNE 2009

Web Site www.ehsc-lhpc.org

The July Board meeting will be held at Ron Olmsteads house, on July 7th , at 7:30 pm.

GENERAL MEMBERSHIP MEETING

The General membership meeting will be held on June 16th at 7:30 at the EHSC club house. Dennis Cooper will be speaking on manure management.

What your membership dues and class fees do for YOU.....

Look to the near future for these exciting happenings. We will be building a new manure bunker that will make cleaning the stalls a lot easier. We will also be putting stall cards on the stall walls with important info on your horse in case of an emergency. Please be sure to fill them out. We are installing eye bolts in the stalls for water and feed buckets. We have plans for a new building that will house 10 more stalls and finally a wash stall where 4 horses at a time can be hosed down or prettied up. We hope to have this all done this year!

We are one hard working club and have the best volunteers to help us out. That is what enables us to keep improving all the time. Keep on volunteering and donating.

We put money and people to good use!!

Get well wishes to:

Adrienne Burroughs, Becky Larzarz and Anne Blood. Hope you are all feeling better soon.

We are still collecting Nutrena labels. It helps the club earn some cash. Drop off your labels at the EHSC or the Critter Connection in McKean.

JUST A REMINDER!!

We had a good turn out of helpers at our first show this season. Thank you so much to the volunteers. It is because of you that we are able to put on such quality shows. Of course we really want to see you and your friends back to help out again. We never turn down our faithful volunteers. We just thank you for your help.

We anticipate a large turn out for the hunter/jumper show in July so make your plans early. Lots of help is needed for this show. Call Lew Trumble 814-434-3319
